SUBJECT Claims in the "Zebra Rock" area, UTU-070662 & UTU-070673

COMMENTS: Steven Hodges called Rody and he transferred the call to me due to the fact that I did an inspection of the area and sent a letter asking for an update on his claims in the zebra rock area, in particular, Frisco #1 & #2 (070662), Ebony and Ivory #1 and Amazon #6 (070673). In talking with Mr. Hodges, he stated that he quit-claimed the Frisco claims to Lee Oertle, and left it up to Oertle to complete the paperwork, but that Mr. Oertle never completed that task. Therefore Mr. Hodges claims that the disturbance that has been created on the Frisco claims were done by Mr. Oertle. Mr. Hodges stated that the only site that they are currently working is the Amazon #6 claim, and that work is very minimal, ie: pry-bar, picks, and by hand. Gathering a pick-up truck load at a time, maybe a couple of times a year. The Ebony and Ivory #1 claim was quit-claimed to Northern Stone Supply and is currently being quarried. I checked the microfiche and found that the Frisco #1 & #2, and the Ebony and Ivory #1 were closed March 8, 1993 and August 31, 1993 respectively.
